

Hi everyone,

Pleased find below a new, low cost Solid Works Education deal that has been negotiated with NZGTTA for its member schools.

Solid Works EDU Edition 2012-2013 NETWORK Classroom 60 users- NZ\$ 1,600 excl gst, (reduced from over \$7300).

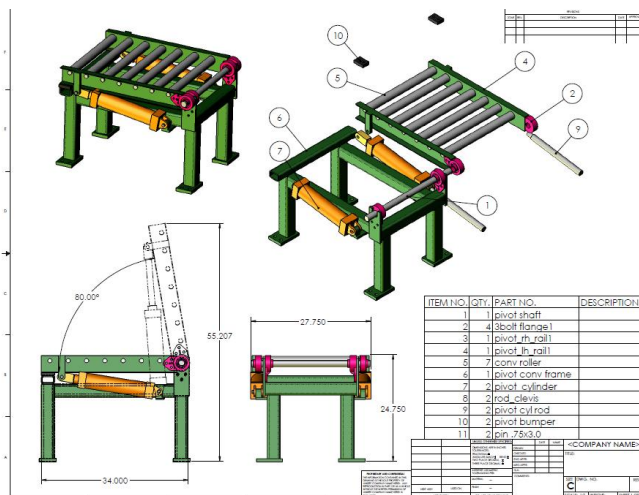

Along with this, you will also receive:

- 60 Student Access Licences for students and teachers to take home (full licence, exactly the same to Solid Works Education Edition used on campus);
- 12 months Intercad Technical Support;
- Software upgrades and service pack downloads;
- Complete Curriculum, including a Teacher Guide and Student Guides that makes teaching easier at every level;
- Interactive Courseware projects and access to our online educational community, plus our library of articles, tutorials, product resources, and more.

12 months Intercad Subscription Service is included with the purchase of Solid Works Education Package. This Subscription service will provide you with full technical support, annual software upgrades, service pack downloads, full access to customer portal (vital for Educator Resources downloads) and Student Access Licences activation. After 12 months, you may either renew your subscription for NZ\$1,600 (excluding GST) or decide to go without subscription. You may continue to operate your software without subscription but you will not have access to technical support, annual upgrades, service pack downloads, customer portal access and Student Access Licences for offsite use.

We hope the above is sufficient information for you at this stage. Please do not hesitate to contact me should you require quotation or any further assistance.

Regards,
Radmila
